Dr. D. H. Dean and His Family Tells
Jury About Finding Their Property at Demaree Home

DETECTIVE CLINE TESTIFIES

Explains Part He Took in Raids and
Tells How He Recovered Some
of The Stolen Property

THE END NOT YET IN SIGHT

Mrs. Mose Lowe Tells About Rugs
Mrs. C. F. Willie About Buying
Stolen Articles

The state's prosecution in the Demaree case continued today with the introduction of further evidence against Boaz Demaree, who is now on trial separately on the conspiracy charge to steal and sell stolen property of Rush and Decatur county citizens and of the public in general. Evidence piled high in the court room today and every available table, chair and even the judge's bench was piled with goods and other things introduced as evidence. The state this afternoon had introduced as many as 64 exhibits as evidence.

The floor surrounding the witness stand was covered with rugs, merchandise and several dozen sets of silverware, table linen and wearing apparel.

One of the attorneys referred to the scene, stating that it resembled a Syrian peddler's convention.

Each and every article was introduced by the state as having been found in the Demaree home, or else handed over to the officials by innocent persons who had purchased them from some member of the alleged gang.

The state expected to finish with their portion of the evidence by tonight and the defense will probably take three or four days to introduce their part of the case.

Captain Cline of the Big Four Detective department, who assisted the officers in the case took the witness stand about four o'clock yesterday afternoon, and occupied the stand most of this morning.

He told of the various connections that he had had with the different members of the alleged gang, and identified much of the property, as having been located by him, or members of his force.

He was followed on the stand by Charley Moore, a member of the hardware firm in Carthage, whose place of business was entered last fall. Mr. Moore identified several of the knives and razors by the firm's price mark, and also by the manufacturers trade mark.

Charley Beeson, Decatur county sheriff was next placed on the witness stand, told about making the raids at the Demaree home. He also told about going to Elwood, with Amanda Martin, a Greensburg girl and identifying some of the stolen silverware in that city, which had been sold by one of the alleged members. He said that they went to Elwood on February 13.

The state asked Mr. Beeson to name the things he found in the raids conducted on the Demaree home, and when he came to the place of telling the jury about unearthing a whiskey barrel, the defense objected.

Mr. Beeson started toward the empty barrel, which is on display in the court room, but he was compelled to resume his seat, and confine his part of the evidence solely to what is mentioned in the affidavit.

Mrs. Beatrice Lowe, wife of Mose Lowe, who is in jail here on a similar charge, was next placed on the stand and identified two large 9 by 12 rugs which were spread out on the floor. She said that last fall Jesse Demaree brought the rugs to her house, and they were later taken away by Frank Lowe and given to Bill Lowe.

Mrs. Louis Stevenson, wife of

ARBOR DAY PASSES; IS UNOBSERVED HERE

Today Was Annual Day Set Aside
For Planting More Trees, But Day
Goes by Without Exercises

WEATHER MOST UNFAVORABLE

By proclamation of Governor Goodrich, today was set aside as Arbor Day throughout Indiana, but the weather was not very promising for people who had intended to plant trees, and as there was no preparations made in Rushville, the day was unobserved.

Several cities around here however, had made big plans for today, and at Newcastle a movement was advanced to encourage property owners to plant shade trees to replace the old ones, and to cover up the lawns in which no trees were ever planted.

Special programs have usually been carried out in the public schools here but nothing was said or done today in the schools in the way of carrying out a definitely arranged program, but the matter was taken up several weeks ago and explained to the school children, about the importance of planting more trees.

GERMANY VIOLATES VERSAILLES TREATY

Four Nations Give Warning That
Germany Must Abide by Treaty
and Disarm Completely

BLOCKADE IS THREATENED

(By United Press.)
Paris, April 16.—France, Great Britain, Italy and Belgium have agreed to notify Germany they will break off diplomatic relations unless immediate and complete disarmament is carried out as provided by the treaty of Versailles, it was learned from official circles here today.

The allies will threaten renewal of the blockade in event any insurrectionary governments in Germany refuse to recognize and carry out the treaty.

Dispatches to the French foreign office from Germany said heavy detachments of troops were concentrating in one district.

A movement similar to the Von Kapp revolution was expected.

Reports of the impending movement were partly confirmed by advice received by officials from representatives in Germany.

MEXICANS ASK PERMIT TO TRANSFER TROOPS

Would Like to Use United States
Railroads in New Mexico and
Arizona to Reach Sonora.

MAY CAUSE BORDER TROUBLE

Washington, April 16.—The Mexican government has asked the state department to permit transportation of Mexican state troops through United States territory to fight the rebels in Sonora, it was learned today.

Carranza wants to send his troops on American railroads across southern New Mexico from Chihuahua to Sonora.

The result of the move would likely be a battle on the border, it was believed. Government officials have the Mexican request under consideration.

Anga Prieta, Sonora, April 16.—Four towns in Sinaloa have fallen before the invading Sonora state troops, according to a report to divisional headquarters here today.

Following the first fight between the Carranza troops and Sonora rebels, the Carranza garrison surrendered after one hour's fighting and joined the Sonora movement.

TO HAVE 3 DAY CHAUTAUQUA

Carthage Program is Published For
Annual Event

Carthage will have a three day Chautauqua this year, commencing on July 13 and ending on the 15th. Thirty one people pledged themselves as guarantors, and the program will be furnished by the Civic Chautauqua Festival Association.

The program on the first day, Tuesday, will be given by the Alexander Entertainers, instrumental trio, and Dr. A. H. Harnly, two lectures. Second day: The Columbia Ladies, vocal and instrumental trio, and Charles L. Picklin, lecturer. Third day: the Manila Quartette, four natives of the Philippine Islands, and Robert Parker Miles, orator.

STRIKE SITUATION REPORTED BETTER

Strike Leaders Jailed in Chicago
Are Said to be Ready Now to
Offer Compromise

VOLUNTEERS ARE HELPING

Many Eastern Lines Begin to Move
Freight and Western Lines Are
About Normal Again

(By United Press.)
The general situation in the strike of railroad switchmen and yardmen was reported improving in many parts of the country today.

College students and other volunteers were joined by small groups of outlaw strikers returning to work in operating trains throughout the East.

All lines announce an increase in service and some reported efforts to move freight.

Strike leaders jailed in Chicago were said to be ready to propose a compromise by which to call off the strike in return of recognition of their organization.

Workers are still out in some cities on the Pacific coast and in the west but the situation was reported easier.

Hundreds of thousands of men thrown out of work by the strike were still idle in industries crippled by the walk out.

Further arrests were predicted by federal authorities.

Passenger service on the Pacific coast was reported virtually normal. Southern Pacific officials said freight traffic was nearly normal on some of its California lines and was being restored on others.

Strikers were reported returning to work at St. Louis and at Kansas City. Brotherhood chairmen issued an ultimatum to strikers to report to work on or before tomorrow under penalty of losing their seniority right.

EXEMPTIONS MAY BE FILED UNTIL MAY 3

Period For Taking Advantage of
Law Regarding Mortgages Ends
Two Weeks From Monday

EXEMPTION LIMIT IS \$1,000

The time for the filing of mortgage exemptions is drawing closer, the last day being the first Monday in May, which falls on the third.

Under the present law, mortgage exemptions are allowed up to \$1000, providing that the one thousand dollars is not more than one half the assessed value of the mortgaged property. For instance, if the assessed value of the mortgaged property were fifteen hundred dollars, then exemption of one thousand dollars would not be allowed. But if the assessed value were two thousand dollars or more the regular exemption of one thousand dollars would be granted.

Whoever fails to file claim for exemptions within the required time loses all exemption, and has no recourse whatsoever.

CHARLES UPDIKE RESIGNS

Milroy School Principal Hands in
His Resignation

Charles C. Updike, principal of the Milroy schools, has handed his resignation to Frank McCorkle, township trustee, to be effective after the close of the present school year. Mr. Updike, in handing in his resignation, said that he expected to teach mathematics in a city school next year. At the meeting of the trustee and teachers of Anderson township, it was decided to close the Milroy schools on Tuesday, Apr. 27, and discontinue the Saturday sessions. The school was closed several times this winter for various reasons, and an effort was being made to catch up on the school work.

FACTS INDICATE A SUCCESSFUL MEET

Convention of Associated Advertising Clubs of World in Indianapolis Week of June 6.

GOOD PROGRAM PREPARED

This City Will be Represented by
Large Delegation—Business
Men Take Active Interest

The fact that 2,000 prospective delegates already have paid for first day hotel reservations at Indianapolis and that 500 running feet of exhibit space in the Indiana State House already have been taken by exhibitors, indicates that 1920 convention of the Associated Advertising Clubs of the World is going to be one of the most successful from the standpoint of interest and attendance that has ever occurred. This is the belief of members of the Executive Committee of the A. A. C. of W. who met in Cleveland, recently.

Rushville business men have taken a very active interest in the coming convention and are planning to attend. Prospects are now that this city will be represented by a large delegation which will be drawn from practically every kind of business here.

The program shaped by Jesse H. Neal, New York City, chairman, and other members of the program committee was heartily approved by the executive body. It provides for an inspirational meeting Sunday, June 6, the first day of the convention, general sessions on Monday, Tuesday and Wednesday mornings, departmental meetings on Monday and Tuesday afternoons, inter-departmental meetings on Wednesday afternoon and Thursday morning, and a general business session Thursday afternoon. The exhibit of advertisements, in the State House— which will be featured at a general evening session Wednesday— evening entertainments and other features will round out the program.

Sidney S. Wilson, Cleveland, treasurer of the Western Reserve University, was elected vice-president of the Central District, by the Association's executive body, to fill the vacancy resulting when Reuben H. Donnelly was elected president of the A. A. C. of W. to finish the unexpired term of E. T. Meredith who resigned when he took office as Secretary of Agriculture. Mr. Wilson is president of the Advertising Affiliation and a past president of the Cleveland Advertising Club.

FAVORS THE AERIAL MAIL

House Passes Bill Authorizing Extension of Mail Service

(By United Press.)

Washington, April 16.—The house today passed and sent to the president the postoffice appropriation bill providing for extension of the aerial mail from New York to San Francisco and gives the postmaster general power to make extensions to St. Louis and other points which may be deemed advisable.

CANDIDATES FOR DELEGATES ALL FILE

Two Contests in Republican Delegation From Rushville and Ripley Townships

TIME EXPIRED THIS WEEK

There will be only two contests in the primary election for delegates to the state convention, it is definitely determined since the time for filing declarations of candidacy has passed. The contests will be in Rushville township, where six candidates, with three to elect, and in Ripley township, where there are two with one to elect. Local political leaders were under the impression that last Saturday was the last day to file declarations for delegates, but the time did not expire until Tuesday evening. The democratic candidates are the same as those announced last Saturday and the republican candidates are as follows:

Ripley, Fred Brooks and R. A. Sipe; Union Alva O. Bitner; Walker, Fred Kessler; Orange, Adam Richy; Anderson, Charles T. Davis; Noble, Charles Newhouse; Richland, Otis L. Miller; Washington, Charles H. Elwell; Rushville, Glen Miller, A. L. Stewart, Elmer Hume, Guy Gordon, Albert Denning and Walter Cogg; Posey, Frank Lawrence; Center, John T. Bowles and Jackson, Hal Green.

RALEIGH SUFFERS \$3,000 FIRE LOSS

Large Frame Saw-Mill Owned by Ed Aikin is Destroyed by Fire of Unknown Origin

IN OPERATION FOR 25 YEARS.

Owner Carried no Insurance on Building or Contents And Same is Total Loss

A fire of unknown origin totally destroyed the saw-mill in Raleigh yesterday morning about 9 o'clock. The mill which was a large wood structure was owned by Ed Aikin of Raleigh.

Because of the headway the flames had gained when the fire was discovered there was little possibility of saving the building. When first discovered the whole inside of the mill was on fire and the building burned within less than an hour.

Mr. Aikin stated this morning that there was little lumber in the building but that his loss would be about \$3,000. He carried no insurance on the building.

The mill was located on one corner of the old Aikin homestead and which is now part of the town of Raleigh. It has been in operation for twenty five years in the same location, and up until the period during the war, Mr. Aikin bought timber on a large scale, but during the war he was forced to operate on a smaller basis on account of the scarcity of labor.

Since then he has been doing custom work to accommodate the farmers of that vicinity. Mr. Aikin stated this morning that he does not expect to rebuild the saw mill.

DRY CLEANERS WILL MEET

M. S. Ball of This City Will Attend Greensburg Meeting

The dry cleaners of this part of the state will hold a convention on Monday at Greensburg, having accepted the invitation of Wyant and Ware, dry cleaners of that city to gather there for the purpose of bettering conditions pertaining to their business. Cleaners from Columbus, Connersville, Shelbyville, Knights-town, Madison, Newcastle, Richmond, Lawrenceburg and other places will attend. M. S. Ball, of Twentieth Century Cleaners of Rushville, will go from here and attend the conference in the interest of his firm.

RALEIGH COMPANY ALLOWED INCREASE

Petition of Owner of Telephone Plant is Granted by Public Service Commission

WAS CO-OPERATIVE COMPANY

Evidence Shows Frank Lindsey Bought it April 1, 1919 For \$500—Practically Rebuilt

The Raleigh Telephone company has been granted an increase in rates by the state public service commission, according to an order received here today. The petition for an increase was filed February 26 by Frank Lindsey, owner of the plant, and the hearing conducted April 5, which resulted in the authorization of the following rates: Single line business (town) \$2.00 net; single line residence (town) \$1.50 net; single line residence (rural) \$1.25 net; party line business, \$1.75 net; party line residence, (town) \$1.25 net; party line residence (rural) \$1.00 net; the gross rate being \$.25 higher than the net rates and the net rates to be charged if bills are paid by the 15th of the second month of the quarter in which service is rendered.

The company was ordered to pay a rental of 25 cents a month to each subscriber owning and maintaining his own instrument, or instrument and line.

The evidence showed that this utility started as a co-operative utility in 1901; that it passed through several ownerships until petitioner bought it for \$300 on April 1, 1919; that at the time of purchase the property was in poor operating condition and the utility would have been discontinued had not the purchaser rebuilt the plant more or less as an entirety.

The evidence further disclosed that the present rates ranging from \$3.00 to \$10.00 per year are wholly insufficient even to meet operating expenses; and that the operating expenses for the calendar year 1920, will be at least as follows:

Operators wages, \$940; lineman, \$1,560; batteries, \$250; general maintenance, \$200, making a total expense of \$2,950.

The evidence further showed that the income from tolls and switching subscribers will be approximately \$400 and that the income from subscribers under the rates herein authorized will be approximately \$1,430, making a gross income of \$1,830.

The evidence conclusively showed therefore that even with the rates prayed for by the petitioner, there will be an operating deficit of at least \$1,000 for the calendar year 1920, and if the Commission took into account the depreciation and a return on the investment, the deficit would be even greater. In view of the fact that petitioner did not ask for any return on the investment and in view of the operating deficit, it is not necessary to arrive at even a tentative estimate of value of this property, the commission decided.

The commission being fully advised in the promises, found that the present rates are inadequate and insufficient and that the proposed rates though insufficient to meet operating expenses, should be authorized as prayed.

AMPUTATES PART OF FOOT

Shelbyville Woman Injured by Traction Car is Here in Hospital.

Mrs. Eva Clark, wife of Charles H. Clark, living north of Shelbyville, was seriously injured yesterday morning in Shelbyville, when a trailer on an I. & C. traction car ran over her foot, crushing and mashing the front part of the foot. The accident happened at a street crossing in the business part of Shelbyville, and physicians there brought Mrs. Clark to the Dr. Sexton Hospital in this city immediately for amputation of the lower part of the foot; at the arch. Her condition today was reported as being favorable, and her recovery is expected unless unforeseen complications arise.

OUT O' LUCK

Never mind! Just take Cascarets if Bilious, Constipated

Everyone must occasionally give to the bowels some regular help or else suffer from constipation, bilious attacks, stomach disorders and sick headache. But do not whip the bowels into activity with harsh cathartics.

What the liver and bowels need is a gentle and natural tonic, one that can constantly be used without harm. The gentlest liver and bowel tonic is "Cascarets." They put the liver to work and cleanse the colon and bowels of all waste, toxins and poisons without griping—they never sicken or inconvenience you like Calomel, Salts, Oil, or Purgatives.

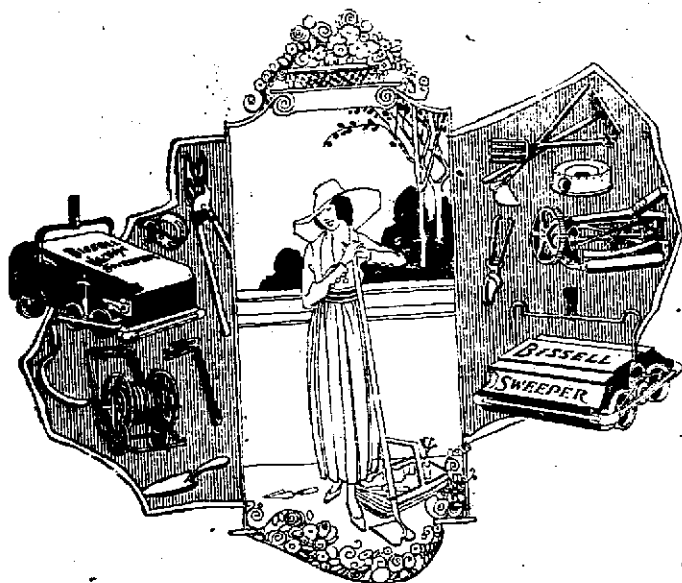

Twenty-five million boxes of Cascarets are sold each year. They work while you sleep. Cascarets cost so little too.

FRIST GAME ON SUNDAY

Arlington Red Sox Meets Indianapolis Team as Opener

The newly organized Arlington Red Sox baseball team will play their opening game next Sunday at Arlington, when they meet the Cole Motor Company team of Indianapolis. The Arlington team was recently purchased by the management of the Connersville Reserves and the two teams have now consolidated, and have a strong line-up, which is expected to put the town of Arlington on the map this season. Hal Elliott or Elliot will pitch for Arlington Sunday. Elliott is a big man, and because of his size, it is said he would have been in the major leagues. J. Y. Young of Connersville is the manager, and has charge of booking the games.

LEFFINGWELL RESIGNS

Washington, April 16.—R. C. Leffingwell, assistant secretary of the treasury, has resigned and his resignation has been accepted by President Wilson, it was announced at the White House today.

Amusements

Shubert Gaeties of 1919

Lee and J. J. Shubert's first of a series of brilliant musical revues, "Shubert Gaeties of 1919", said to be bewildering with fun music, and sartorial display, will be the attraction at the Shubert Murat theatre, Indianapolis, all next week with matinees Wednesday and Saturday. It is the purpose of the Messrs. Shubert to establish the Shubert Gaeties as an annual entertainment, much after the order of the Winter Garden's "Passing Show". The first of the "Shubert Gaeties" was seen for the first time at the 44th Street theatre last July and after a run of several months was transferred to the Winter Garden, where during 2 months, it proved quite as entertaining as anything heretofore seen at that famous home of extravaganzas. After its New York engagement it was sent to Boston where it was on view for several weeks at the Majestic theatre.

The book is by Edgar Smith, the lyrics by Alfred Bryan and the music by Jean Schwartz. The "Gaeties" were staged by J. C. Huffman, who has been responsible for all the Winter Garden extravaganzas. Unlike most entertainments of this kind, the "Shubert Gaeties" has an interesting story. Jack Potter, a young millionaire, wearied with all the sophisticated young persons of his set, goes to sleep one night and falls in love with the young shepherdess in one of the tapestries on the walls of his studio. The young shepherdess comes to life. She knows nothing of life and it is the business of the young millionaire to acquaint her with what's going on in New York and Paris. So it is that she is whisked about from one place to another in the mad life of New York. Some of the most interesting scenes, in this piece are a lovely Italian Garden, a Busy Scene on Broadway, A Cozy Corner in a Fifth Avenue home, a Busy street in Greenwich village, a Hotel in Paris, The Cherry Blossoms Grove, in a Tiger's Cage, The Revels of Neptune and a Lovely Ballroom setting.

The Lomer Armored Tire

Is Not An Experiment

THE LOMER ARMORED TIRE CO. is building a factory in New Castle, Ind., to manufacture a patented tire. It is an evolution in tire building—a tire with air on the inside and rubber on the outside, just as your tires are. It is different only because it has cross courses of wrapped cable wire passing from side to side in the tire and imbedded in rubber, instead of bottom cord, used in the same way. It will NOT PUNCTURE, BLOW OUT OR RIM CUT. Tire has been built and subjected to the severest road test; it has been passed upon most favorably by experts. The tire is covered by a basic patent owned by the LOMER ARMORED TIRE CO.

This organization consists of Bankers and Business men of New Castle, men you probably know, who manage and control the Company. Fortunes have been made in the tire business in the past few years.

\$100 Invested in Fisk Tire Company has earned	\$12,000
\$100 Invested in Diamond Tire Company has earned	\$15,000
\$100 Invested in Goodyear Tire Company has earned	\$25,000
\$100 Invested in Dunlop Tire Company has earned	\$50,000
\$100 Invested in Goodrich Tire Company has earned	\$69,600

Now if these Companies, all engaged in KEEN COMPETITION, all making practically the same kind of tires, can return millions yearly in dividends to their stockholders, ask yourself then what returns can you reasonably expect from the Lomer Armored Tire Co., engaged in the manufacture of a tire that will not PUNCTURE, BLOW OUT OR RIM CUT, and without COMPETITION. You will buy these tires, so will everybody else.

The factory is building, machinery on ground. It is expected to have factory running in September. Shares now selling. INVESTIGATE. In so doing, you incur no obligation. Literature and information cheerfully furnished. Write, call or phone

THE ACME LINE

ACME WORM BOUNCER
Bounces the Worms

ACME PIG MEAL
Equal to Milk

ACME CALF MEAL
A Real Milk Substitute

MR. CUSTOMER—

You will find bill of lading enclosed. Keep this bill of lading until goods arrive.

HOW TO FEED ACME WORM BOUNCER

- 1st—Place the Self Feeder where you feed and water your hogs, thereby have the feeder just as convenient as possible. Can be placed out of doors, as there is little or no waste on account of rain. Do not allow cows, calves or horses to have access to the SELF FEEDER. They will break it up. The Self Feeder is for hogs and sheep only.
- 2nd—If you are feeding your hogs tankage, mix the ACME WORM BOUNCER with the tankage. If 40 hogs are eating 40 pounds of tankage a day, mix 2 pounds of WORM BOUNCER with each 40 pounds of tankage if hogs are in bad condition, or infested with worms, otherwise mix 1 pound of ACME WORM BOUNCER with 40 pounds of tankage.
- 3rd—Do not feed your hogs salt when feeding ACME WORM BOUNCER, as it contains the small amount of salt that hogs require.
- 4th—If your hogs are in bad condition, mix about 25 per cent of oats with all the ACME WORM BOUNCER they eat for the first week. The object is to induce the hogs to eat a quantity sufficient to expel the free intestinal worms (if they have any).
- 5th—To fight worms successfully, you must feed ACME WORM BOUNCER continually. Worms will form in a few days after you discontinue feeding the worm expeller.
- 6th—NOTICE—ACME WORM BOUNCER is not a remedy which will do everything. ACME WORM BOUNCER is a remedy which will expel the free intestinal worms from hogs, horses and sheep, if they have any, will prevent those worms, keep the appetite good, and the bowels just right (preventing constipation) and thereby prevent over 90 per cent of the so-called HOG CHOLERA for the small cost of about 6¢ cents per month.

ACME WORM BOUNCER does not take the place of feed, neither will it expel any worms except the free intestinal worms. Throat-headed worms, kidney worms and lung worms cannot be expelled.

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the eminently effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

GINGHAM WEEK

April 12th to 19th

When You See Our Gingham Display You Will Want Not One Dress Length But Several

We are Justly Proud of This Spring's Showing

Our Gingham sales during March were more than double the amount of the same month a year ago. The reason is simple, for without doubt we have the finest and most complete stock to be seen anywhere in this vicinity. It is high time you were preparing your Summer wardrobe, and

THIS WEEK IS THE BEST TIME TO SUPPLY YOUR NEEDS

After Effects
Of Influenza
Were Overcome

Barber's Wife Feels 100 Per Cent
Better Since She Began
Using Trutona

Terre Haute, Ind., April 15.—If you are in doubt whether Trutona will quickly and thoroughly overcome the severe after effects of influenza and pneumonia, read the following interesting statement of E. S. Hodgers, a well known barber of 312 Swann Street, Terre Haute. Beow is what Mr. Hodgers says:

"Since my wife had influenza several weeks ago her system has been in a generally run-down condition. She didn't seem to have any appetite and complained of feeling so weak and tired out all of the time. Her stomach caused her much trouble, too. Everything she would eat hurt her. She was so constipated that it was necessary for her to use laxatives nearly all of the time."

"We had been reading in the Terre Haute papers of the beneficial results of Trutona, so my wife decided to try it. She's taken only one bottle of Trutona, but she informed me today that she feels a 100 per cent better already. Mrs. Hodgers declares her appetite is better than it's been for years and she doesn't complain of her stomach hurting her anymore. Her bowels are acting regularly and she has dispensed with the laxatives."

"I've noticed that my wife acts and looks like her real self again, since she's taken Trutona. And because of the wonderful results she has gained in such short time, I want to recommend Trutona as a remarkable tonic and system builder."

Trutona is unsurpassed as a reconstructive agency, system purifier and body invigorant. It is a medicine of unusual merit without a doubt and it is peerless as a treatment for stomach, liver and bowel troubles.

Trutona is now being introduced and explained in Rushville at Hargrove & Mullin's drug store.—Adv.

Sound Economics

One of ten commandments which the Canadian Reconstruction Association has formulated for the guidance of the Canadian people in the restoration of peace-time conditions is the following:

"Utilize Canadian services: ship by Canadian carriers through Canadian Ports; patronize Canadian railways, Canadian steamships, and Canadian banks; place insurance in Canadian companies; employ Canadian architects, engineers, scientists, and other experts; spend vacations in Canada."

This statement of economic policy is one that might well be adopted by the people of the United States. Throughout our entire history, with one or two short exceptions, the United States has been a creditor in merchandise trade, exporting more than it imported. But there have been times when, although the merchandise trade was in our favor, the net balance was against us because we utilized foreign services instead of supplying our own. Great Britain has practically always been a net debtor as far as merchandise trade is concerned, but has been a net creditor because of services she has supplied to people of other nations.

Through her shipping, her banking, and her insurance, she has received an income which counterbalances her adverse balance in merchandise exchange.

The principal items of outgo from the United States for services rendered by other nations have been payments for ocean transportation, interest and dividends on American securities held abroad, and the expenditures of American tourists traveling in foreign countries. We can

Says Vola-Tonic
Has Kept Her At
Her Daily WorkThirty Years of Toil as a
Seamstress. Broke
Down Woman's
System

For thirty years Mrs. Mary England, 2230 Gilbert avenue, Cincinnati, O., worked hard as a seamstress and, of course, the work finally hurt her health.

"My system all over became weakened and run down," Mrs. England said. "I got so I was very nervous. My stomach was out of order also and I was troubled with constipation."

"I went to the drug store to get something that would build me up and my druggist recommended Vola-Tonic. I got a bottle of Vola-Tonic and started taking it."

"I honestly believe that if it hadn't been for Vola-Tonic I wouldn't be working today. Vola-Tonic built up my system and brought back my strength and has kept me on the job."

"The constipation has left me almost entirely since I started taking Vola-Tonic and my nerves are in much better condition also."

"I know Vola-Tonic is an excellent medicine and, in short, I can't praise it too highly for what it has done for me."

In thousands of cases Vola-Tonic has brought back strength and better health to weakened, run-down men and women. If you are feeling weak and run down, try this medicine that has helped so many others.

Vola-Tonic is being specially introduced in Rushville at Frank E. Wolcott's drug store.—(Adv.)

and should avoid those foreign expenditures in the future.

The United States is now in the process of formulating a shipping policy which, it is hoped, will give the United States a merchant marine under the American flag owned by American citizens paying dividends into American treasuries, buying supplies from American producers and finding new markets for American products. The completion of a plan for a successful and permanent merchant marine is one of the great problems now confronting American legislators and their advisors in the business world.

For many months reports from the state department and from owners of passenger ship companies have made it evident that as soon as conditions will permit, immense numbers of Americans will depart to European countries on sight-seeing trips, or for other purposes. All of these people will take with them gold or its equivalent now a part of the monetary resources of the United States. That money will be spent in Europe and will become a permanent part of European wealth. While it must be admitted that foreign travel is not without justification and that much good is accomplished thereby, it is a fact not to be lost sight of nevertheless that every dollar spent in foreign travel is utterly lost to American industry and enterprise.

So far as sight-seeing is concerned, America offers the tourists attractions unsurpassed by anything possessed by Europe or other continents. The varied character of the United States—the rugged coasts of Maine, the beautiful sunsets of the Golden Gate, the magnificent scenery of our National Parks, the fishing of the mountain streams, the wonders of the Yellowstone and Yosemite, the scenic grandeur of the Grand Canyon and of Niagara Falls, the unexcelled opportunities for recreation and enjoyment unequalled outside of our own borders. Until American citizens have seen America first they can find no valid defense for going abroad to spend their wealth.

Citizens of the United States should heed this commandment promulgated in Canada:

A bill to establish a federal bureau of war-benefits has been introduced by Representative Clifford Ireland of Illinois. The new branch of the Government would be a consolidation of the present Bureau of War Risk Insurance, the Public Health Service, the Board for Vocational Education, and the Bureau of Pensions. The measure creates a committee consisting of the Secretary of the Interior, and the director and assistant director of the new bureau, to co-ordinate the various activities that are gathered together under one head. The bill provides for quarterly reports to Congress of relief cases adjusted and pending.

Our Daily Laugh

New and Bright Yarns That

Be Relished by Your Friends
When You Repeat Them.

In one of the run-down farming sections of New England pierced by a railroad noted alike for wrecks and lack of dividends, a traveling man left the smoking car to stretch his legs when his train was sidetracked. He noted a boy hoeing corn nearby in a field which had all the distressing marks of poverty.

"This looks like a mighty poor farm, boy," said the gentleman of the road.

"I don't now, Mister," was the reply. "I don't own no farm here; I just hire out by the day."

Cheap Land and Labor Have Gone
and so Last of Cheap Food Has
Been Seen, Says Christie

MUCH IDLE LAND IN THE STATE

Conference of Purdue Agriculture
Staff Held to Consider Agri-
cultural Situation

Lafayette, Ind., April 16.—"The people of the United States are demanding automobiles, musical instruments, jewelry, fine clothes and recreation more than they wish food," said Prof. G. I. Christie, of Purdue University in a statement issued today on the agricultural situation in Indiana. "These people are willing to pay high prices for all such articles that laboring men engaged in the manufacture of these materials may be paid wages two, three and five times as great as the farmer can afford to pay."

"Cheap land and cheap labor have gone," continues Professor Christie, "and so the last of cheap food has been seen. From now on consumers must pay the price that allows the farmer a fair return for his labor and his investment."

The statement from the Extension Department is in part as follows:

"A conference of the members of the Agricultural Staff of Purdue University was held to consider phases of the present agricultural situation. Many reports received from the various counties in the state are alarming and show an unsettled condition. A report from northern Indiana states that in two adjoining townships, there are thirteen farms without tenants. In one of the central Indiana counties a survey of the labor situation shows 10 percent of the farms needing hired men are unable to secure assistance, while in one of the western Indiana counties 60 percent of the farms needing the services of hired men are without help at this time. Many reports are being received showing that within the last few days hundreds of men who were engaged for farm work have failed to report for duty, or are leaving their jobs and going to the cities. The present strike has intensified the situation and is leaving the farms with a very largely reduced amount of labor. The season is cold and backward, which means that a much shorter time will be allowed for the breaking of the ground and planting of the crops, if they are to be planted in sufficient time to insure development and maturity."

"The question 'What is the matter?' was received this morning. This is answered by the fact that the labor shortage of the farms is due directly to the extremely high wages paid to labor in the cities. The people of the cities. The people of the United States are demonstrating that they demand automobiles, musical instruments, jewelry, fine clothes and other manufactured articles more than they wish food. These people are willing to pay high prices for all such articles in order that laboring men engaged in the manufacture of these materials may be paid wages two, three and five times as great as the farmer can afford to pay. The result is that the farms of the country will be operated with a minimum of labor and the production of crops and food stuffs will be materially reduced. It would seem that not until the people of the country are face to face with an actual food shortage, will they realize that the farms should be supported and not drained entirely of the necessary labor."

"While these conditions exist and the whole situation is serious, Indiana farmers are urged to look the facts fairly in the face and note what is actually happening."

"The Purdue Dairy Department, after a study of the conditions of

DOING HIS DUTY

"For two years I suffered agonizing pain in my stomach, belching up sour and bitter fluids and gas. Tongue always coated. Doctors were unable to help me. The first dose of Mayr's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere.—Ad.

SPRING FEVER

Following Colds, Grip or Flu,
Thin, Watery or Poisoned Blood
(By Dr. Valentine Mott.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Milwaukee, Wis.—"For the last twenty years I have used Dr. Pierce's Golden Medical Discovery, at times, as a general tonic, with excellent results. One bottle in the spring, and one in the fall, is usually all-sufficient. It has given me added strength and endurance and has greatly aided me in following the strenuous life of a freight handler. I have also found the Pleasant Pellets very beneficial."—JOHN W. McLAINE, 188 Wisconsin St.

BALDWIN LOAN CO—Money to loan. 511

WALTER E. SMITH—Money to loan. 1126

The Epworth League of the St. Paul's M. E. church will have a supper tonight at 6:30 o'clock at the church.

The Tri Kappa sorority will be entertained by Mrs. I. L. Endres Monday evening at her home, corner of Jackson and Ninth streets.

Miss Emma Blackledge was hostess for the members of the D. A. R. yesterday afternoon at her home in North Harrison street. During the business session the society finished paying for the year the support money for two French orphans and paid their next payment on the support for an Armenian child. During the program Mrs. Frank P. Jones read an interesting paper on "Ellis Island" and B. F. Miller rendered three beautiful solos. Dainty refreshments were served at the close of the afternoon.

Mr. and Mrs. Nick Meyers of Glenwood entertained the G. H. club with a three course supper last evening. The center of the table was adorned with a huge French basket of carnations. Music was furnished throughout the evening by a violinist from Connersville. Covers were laid for Mr. and Mrs. Harry York, Mr. and Mrs. Elmo Hires, Mr. and Mrs. Russell Ruff, Mr. and Mrs. Forrest Brooks, Mr. and Mrs. E.

BAD BREATH Caused by **Acid-Stomach**

How can anyone with a sour, gassy stomach, who is constantly belching, has heartburn and suffers from indigestion have anything but a bad breath? All of these stomach disorders mean just one thing—Acid-Stomach. EATONIC, the wonderful new stomach remedy in pleasant tasting tablet form that you eat like a bit of candy, brings quick relief from these stomach miseries. EATONIC sweetens the breath because it makes the stomach cool and comfortable. Try it for that nasty taste, congested throat and "headly feeling" after too much smoking. If neglected, Acid-Stomach may cause you a lot of serious trouble. It leads to nervousness, headaches, insomnia, melancholia, rheumatism, sciatica, heart trouble, ulcer and cancer of the stomach. It makes its millions of victims weak and miserable, listless, lacking in energy, all tired out. It often brings about chronic invalidism, premature old age, a shortening of one's days. You need help that EATONIC can give you if you are not feeling as strong and well as you should. You will be surprised to see how much better you will feel just as soon as you begin taking this wonderful stomach remedy. Get a big 50 cent box from your druggist today. He will return your money if you are not satisfied.

EATONIC
(FOR YOUR ACID-STOMACH)

W. Ruff, Miss Elsie Gibson of Connersville, Miss Edna Ruff, Harold York, Cedric Hires, Charles Adams of Connersville, Mildred Meyers and Rosemary Hires.

C. W. B. M. day will be observed at the Sexton Christian Church Sunday. Mrs. J. B. Pearcey of Indianapolis, the state secretary of literature, will deliver the address at the evening service at 7:30 o'clock.

Miss Lillian Lushel, of West Eighth street, and Howard E. Job also of this city were quietly married last evening at the First United Presbyterian parsonage, the Rev. J. T. Aikin performing the ceremony.

Mr. and Mrs. A. L. Gary entertained with a six o'clock dinner last evening at their home in North Harrison street. Covers were laid for twenty guests. After the repast the guests were entertained with Five Hundred.

LUXURIES ARE THE CAUSE OF H. C. OF L.

Continued from Page 5. The dairy industry of Indiana, states that the farmers are continuing to milk the regular number of dairy cows and that the production of dairy products is not falling off to any appreciable extent.

"The Animal Husbandry Department finds that because of unsatisfactory market conditions, cattle feeders in the state have lost much of their enthusiasm for the cattle feeding business and that the number of cattle to be fed will be many less than heretofore. The number of brood sows on the farms is far below that of a year ago and the number of pigs to be fed on Indiana farms will naturally be less than usual.

"The Soils and Crops Department finds that farmers are returning many fields which have been in grain crops to meadows and pasture. (Shortage of labor is bringing this about in a large number of cases. During the war large areas of pasture lands and meadows were planted to corn and wheat. It is only natural that a large share of these should be returned to grass. The result is, however, that the area devoted to grain will be much less than during the past two years.

WITNESSES ALL IDENTIFY THEIR STOLEN GOODS

Continued from Page One. Emert Stevenson, of near Greensburg, stated that their home was entered by robbers last fall, and a large quantity of silverware was stolen. Mrs. Stevenson, identified the silverware which the officers

Spring Voil

Never were the Voiles so pretty as those being shown this season. The styles and patterns in these dainty fabrics closely resemble the figured georgette crepe but not so expensive. These voiles we are showing in various qualities ranging in price from

59c to \$2.50

Jap Lunch Cloths—Canteen Bags—Glass Beads

JAP LUNCH CLOTHS have just arrived in all sizes up to 72 inches square. These cloths are a great saving to your linens—quite easy to launder and the colors are fast. Napkins to match—all hemmed and ready to use. CANTREEN BAGS are here in all the newest shapes. Quite smart and convenient to carry small toilet articles. The prices are very reasonable. GLASS BEADS in colors are the newest this season in jewelry. The colors are exquisite, adding a charm and distinctive touch to your frock. Being shown in many colors and jet.

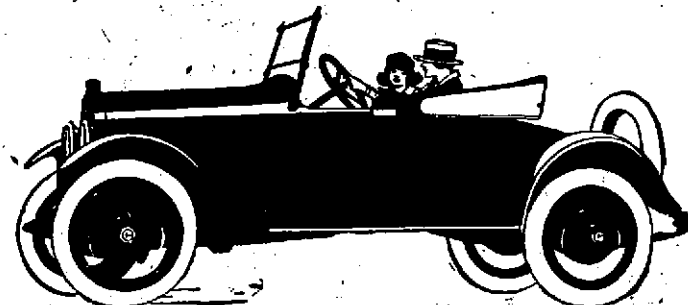

Colored Umbrellas

The new handles in Colored Silk Umbrellas this spring are gorgeous. Every style handle one could desire is now in stock. The colors are blue, taupe and brown. Silk Umbrellas are from \$10.00 to \$18.00 in price.

Shoe Buckles

So many of the slippers for this Spring are fashioned so they may be worn with ties or buckles. It is quite desirable to own a pair of buckles so that one pair of slippers takes the place of two. We have buckles to sell from 50c up to \$11.50 a pair.

The Mauzy Company

Hupmobile

HERE, as everywhere else all over America, the Hupmobile has the reputation of being a remarkably good car.

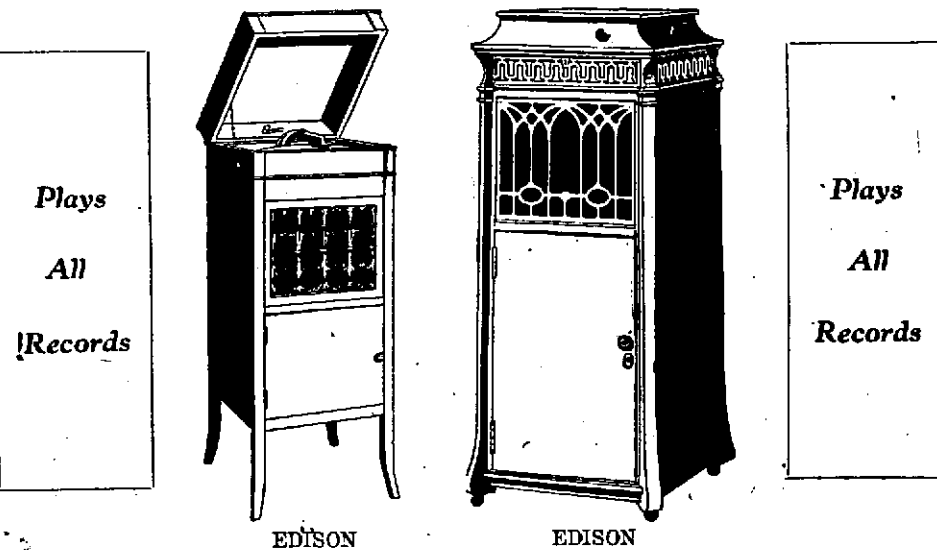

So far as we know, no Hupmobile buyer in this neighborhood has ever been disappointed in the way his car lived up to its high character.

If you are contemplating using one of these cars very soon better place your order at once in order that you may not be delayed in delivery.

GOOD MUSIC ORCHESTRA COME
BIBLE SCHOOL 9:30. MORNING WORSHIP 10:30

He did not accompany the officers and his wife and daughter Janet to Greensburg when the house was searched, but he said when Jesse Demaree was arrested and brought here, he identified one of his coats "on Jesse's back."

Miss Janet Dean, a daughter of Dr. and Mrs. Dean, proved to be an interesting witness for the state, and related her experiences in going to the home of Boaz Demaree in Greensburg last February.

During the search, Mrs. Demaree unlocked a drop head sewing machine, which contained a dress belonging to Mrs. Dean and which was immediately identified. The dress was being altered and made into some other form of a garment, Miss Dean said.

Miss Dean also testified to the fact that some of their silverware was being used by them and was on the dining room table.

She related an incident when Boaz Demaree came into the house, and as she said, was in a furious rage, made a jump for the library table drawer in which he kept his revolver but Miss Dean stated to the jury that Sheriff Jones, who was with the Decatur county officers, was close at hand and prevented Demaree from reaching the drawer.

Miss Dean, also identified the stolen articles in the same manner as her mother had done.

Thomas Cline of Indianapolis, captain of the Big Four detective force, was the next witness and told the jury about making the raid into the home of Boaz Demaree on the day that he was arrested and brought here. He told practically the same story that Miss Dean related, but his testimony concerning other raids onto the house, in which the state attempted again to show that the whiskey barrel was buried in the back yard, was objected to and sustained by the defense.

SUNDAY APRIL 18 IS DENOMINATIONAL DAY

Baptist Churches to Observe Day to Make Final Preparations For Campaign for \$10,000,000

TO BE HELD APRIL 25 TO MAY 2

The First Baptist church of this city, together with 10,000 Northern Baptist churches throughout the country, will observe Sunday, April 18, as Denominational Day, in making final preparations for their New World Movement campaign for \$100,000,000 to be conducted from April 25 to May 2.

Throughout the 36 states of the Northern Baptist Convention special stress will be laid upon the past achievements of the denomination in America and in foreign lands. Men and women of outstanding prominence from Roger Williams, the founder of the First Baptist church in Rhode Island and Adoniram Judson, the first Baptist missionary to Burma, down to the present time will be remembered and their accomplishments held up as an example to the church membership. Incidentally attention will be called to the New World Movement, which is the most comprehensive program of church extension work yet to be undertaken by the denomination, calling as it does for the expenditure of \$100,000,000 within a five year period, the doubling of the present mission force maintained by the Northern Baptists in the foreign field, and the increasing of the resources of 49 Baptist schools and colleges in the United States by more than \$30,000,000.

THE PROPER WAY TO TAKE ASPIRIN

First see that tablets you take are marked with the "Bayer Cross."

The Bayer Company, who introduced Aspirin tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and for Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

SAIL FOR FRANCE TOMORROW

Mrs. Kiplinger and Sons Will Land at Cherbourg May 2

Mrs. John H. Kiplinger and two sons, who left here Tuesday evening for New York City, will sail from New York on the Philadelphia tomorrow at noon, for Paris to join Captain John H. Kiplinger. Mrs. Kiplinger and family will land in Cherbourg, France one week from next Sunday.

Captain Kiplinger recently resigned from the army to accept a position as legal representative of the financial section of the American reparation commission in France and will be engaged in Europe for more than a year. It is for this reason that Capt. Kiplinger sent for his wife and family to come to Paris.

MAGILL CHIEF SPEAKER

State Vocational Conference Meets For 2 Day Session

Indianapolis, Ind., April 16—Hugh S. Magill, of Washington, in charge of reconstruction educational propaganda of the National Educational association was the chief speaker today before the state vocational conference. The conference will be in session two days.

L. S. Hawkins, federal director of vocational education, also will deliver an address and Dr. Bahid N. Snedden of the Teachers' college of Columbia university, has been invited to speak tomorrow.

3 DAY CONVENTION OPENS

300 Delegates Attend State Volunteer Union at Earlham

Richmond, April 16—The State Volunteer Union opened a three day convention with three hundred delegates in attendance today at Earlham college.

The conference was postponed last January because of the influenza epidemic.

John R. Mott, head of the Y. M. C. A. and Samuel Xwener, formerly a missionary to Cairo are expected to address the convention.

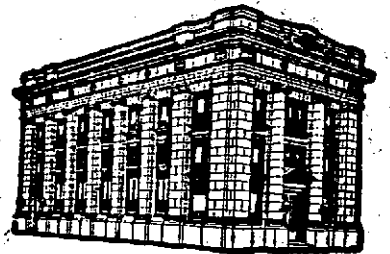

EDITORS MEET.

Indianapolis, Ind., April 16—Committees of the Indiana Republican Editorial association met here today pursuant to a call issued by Edward J. Hancock, editor of the Greensburg Daily News and president of the editorial association.

The committee here include executive, legislative, print paper, and constitutional revision.

The Sexton C. W. B. M. will hold an exchange in the Wiltse Five and Ten Cent store in North Main street, tomorrow morning. The proceeds will go for home purpose work.

Is Back On Job Feels Fine Now

Gains Twenty-Five Pounds — Eats
Anything, Nerves Are Steady
And Sleeps Like a Log.

"I was almost a wreck and weighed only one hundred pounds when I began taking Tanlac, but now I tip the scales at one hundred and twenty-five, and have gone back to work," was the remarkable statement made recently by Edwin Jones, a popular employee of the Holt Mfg. Co., living at 212 Monson street, East Peoria, Ill.

"I had suffered for five years before I got hold of Tanlac and I tell you I was about as bad off as a man ever gets," he continued. "My nerves were so completely shattered that I became upset at almost nothing and I was so restless and miserable at night that I could get only a few hours sleep. I was troubled with indigestion a great deal and gas formed and pressed up into my chest so that it kept me in misery for hours after every meal. I had practically lost my appetite and I scarcely was able to keep alive. I finally got so miserable to do a day's work and I had fallen off until I was hardly more than a frame."

"I was getting worse and worse and I hardly knew where I would have been by now if it hadn't been for Tanlac. Well, sir, the way Tanlac went after my troubles was a complete surprise and by the time I had taken four bottles I was a different man. My nerves calmed down and now they are as steady as steel. My digestion could not be better than it is now, for I am eating anything I want without any bad after effects in the least. Sleep? Why I am sleeping like a log and when I get up of mornings I feel just fine. All my strength and energy have come back and, as I said, I have gained twenty-five pounds in weight. I have gone back to my work and never miss a day."

Tanlac is sold in Rushville by F. B. Johnson Co., in Melroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty. (Adv.)

I am a candidate for the nomination of Representative on the Republican ticket and am asking you for your support.

Have always been a republican and farmer.

I believe in an economical and business like administration of public affairs and the protection of the taxpayers.

My father, grandfather and great grandfather have been continuous taxpayers in Rush county since 1831.

With The Churches

—New Salem Methodist Protestant church—Sunday school at 10 o'clock; class meeting at 11 o'clock. Everybody is welcome to attend these meetings.

—Pleasant Ridge Methodist—Bible school, 9:30 a. m. Mrs. Ida Krammes superintendent. Preaching by the pastor at 10:30 a. m. and 7:30 p. m. Epworth League Tuesday evening at 7:30 o'clock.

—Edwin W. Radcliff of Conn. will preach at the Primitive Baptist church in North Morgan street Saturday evening at seven o'clock and Sunday evening at the same hour. There will be no services during the hour Sunday.

—Arlington Methodist church—Bible school, 9:30; senior Epworth League, 10:30 a. m., with Fred McFartridge leader. The revival services being conducted at this church closed last Sunday with twenty-one additions to the membership.

—Preaching services of the Little Flat Rock Church Sunday morning and evening at the New Salem auditorium. Morning theme, "The Church Turn Twenty Centuries". In the evening a sermon for the cornerstone philosopher and the man about town, on the subject, "Religious Slackers".

—Services at St. Mary's Catholic church Sunday are as follows: Communion at 8 o'clock; Low Mass at 8 o'clock; High Mass, 10 o'clock; Instructions at 2:30; Vespers and Benediction at 3 o'clock. Week-day Masses at eight o'clock, with the Rev. Father Francis Schaub in charge.

—Church of God—Sunday school at 10 o'clock; preaching at 11 a. m.; Young People's meeting at 6:30 p. m., subject "Character Building." Preaching at 7:30 o'clock. Tuesday night prayer meeting at the home of George Newlan, 909 North Sexton street. All are invited to attend these services.

—Salvation Army—The Blues and Reds will meet tonight at 8 p. m.; Saturday night at 7:30 open air meeting; Sunday morning at 10 o'clock Holiness meeting; at 2 p. m. Company meeting. At seven o'clock a big salvation meeting, subject "Love is All." Meetings next week on Tuesday, Thursday and Friday evenings at 8 o'clock. There's a welcome at this church for everyone.

—The unified service of the Main Street Christian church commences at 10 o'clock. At the preaching hour the pastor will speak on "The Tree

and It's Fruits" and at 7:30 on "The Evolution of Evil". The Thursday evening service will be in charge of The Young Men's class with Homer Cole as leader, George Suess pianist, and Lloyd Nelson soloist. Orchestra and chorus choir at the Sunday evening service.

—First Presbyterian church, Sabbath services as follows: Bible school, 9:30 and morning worship, 10:30. The morning message will be supplemental to that of last Sabbath. Evening service, 7:30 when the pastor will begin a series of five ser-

mons on "A Man's Faith". The first will be on "Some Things I Believe About God, and Why I Believe Them". See announcement of complete series in ad in this issue. All are cordially invited to worship with this church.

—First Baptist church, Sunday services—Bible school at 9:30. Public worship 10:45 a. m. and 7:30 p. m. The pastor will be out of the city over Sunday and Rev. R. E. Neighbor, D. D., of Indianapolis will supply the pulpit both morning and evening. It is to be hoped that the

members of the church will attend these services as far as possible and show their appreciation to Dr. Neighbor. Mid-week prayer service Thursday evening of next week.

PASTORS ARE ASKED TO OBSERVE SPECIAL DAY

To Set Aside April 18 as Community Conference Day to Explain Interchurch World Movement

TO ARRANGE UNION MEETINGS.

Indiana pastors, representing denominations co-operating with the Interchurch World Movement have been asked to observe Sunday, April 18th, as Community Conference Day, according to an announcement by Don D. Tullis, State Secretary.

While several thousand people in Indiana are better acquainted with the plans and purposes of the Movement as the result of having attended the county conferences held recently throughout the state, it is believed that many remain unenlightened and should be given an opportunity for learning just what the Movement is and the relation it bears to the local church.

It is suggested that each minister choose the Interchurch World Movement as his topic, Sunday morning. In the afternoon or evening where the plan seems advisable, union meetings are to be arranged, each pastor speaking on one particular phase of the Movement. In this way the congregation of every Protestant church in every county in Indiana will receive inspiration and instruction and be impressed by the magnitude of the world program that all denominations are asked to promote.

IT COSTS A FORTUNE TO MARRY IN AUSTRIA

Cost of Marriage is 240,000 Crowns for the Bride Alone, According to Newspaper Schedule

CAUSING MUCH DISCONTENT

Washington, April 16—The high cost of marriage is causing general discontent in Austria, according to a Vienna newspaper forwarded to the commerce department. The cost of marriage now is 240,000 crowns for the bride alone, according to the newspaper schedule. This is equivalent to about \$6,000 counting the crown as worth 2 1/2 cents.

This amount would buy 32,000 crowns worth of dresses, linen 44,000 crowns and furniture 164,000 crowns. In Austria it is customary for the bride to furnish the house as well as providing her trousseau.

STUDENT IS VERY SICK

WHERE ARE THE EGGS YOUR HENS ARE LAYING?

Under the barn and other buildings and in far corners you seldom visit Mrs. Hen hides her nest and lays her eggs largely for the benefit of rats, weasels and skunks.

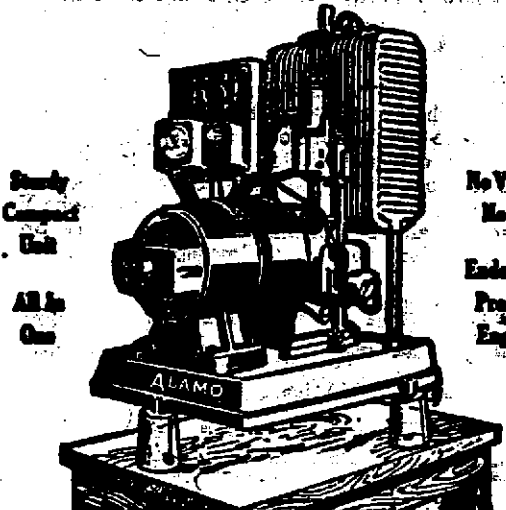

Build her a good house with good nests and she will be glad to stay at home and do her duty. Eggs at three cents or more each will soon pay for the proper building.

Come and see us for plans and estimates of various styles and sizes of her houses.

Electric Light and Power for Happy Farm Life

For Dependable Service Install The

Silent ALAMO

Electric Light and Power Plant

Everybody knows the advantages of electric light and electric power. Everybody wants this modern day convenience. The big question is "What plant shall I select?"

Take our advice. Select the plant that's silent—the plant that's free from terrific vibration—the plant that won't quickly shake itself to pieces. Install the wonderful Silent Alamo.

No Vibration—No Noise

In the Silent Alamo there is no noise—due to the quiet operation of the Idle Super Silent Motor with the rotating sleeve-valve. There's no severe vibration—due to scientific balancing of weight.

Thousands of farmers as well as staid old engineer experts have been amazed by this silent plant. Come in and see a demonstration. Learn why the Silent Alamo assures years of service.

After Whooping Cough—What?

This is No. 4 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' Vapo-Rub may be of value in this condition.

Whooping cough is the "meanest" disease that childhood is heir to. While rarely fatal in itself, except to children under two years of age, still it hangs on so long—the coughing paroxysms are so violent, preventing proper sleep and digestion—that when the disease does disappear it leaves the child weakened and run down. In addition the violent coughing racks and strains the air passages and after recovery this irritation frequently remains.

During this period of convalescence the child should be most carefully watched until full strength is restored and the air passages regain their normal tone. A prominent authority even goes so far as to say—"There is more criminal neglect in connection with whooping cough than with any other disease."

While the disease is active, Vicks' VapoRub usually helps to lessen the violence of the coughing, but it is during convalescence that Vicks is most valuable.

Because Vicks acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying swallow a small bit the size of a pea.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended, since it is externally applied and so can be used often and freely without the slightest harmful effects.

Samples to new users will be sent free on request to the Vicks Chemical Company, 234 Broad Street, Greensboro, N. C.

TO REORGANIZE CAVALRY

Mexican Army Officials to Buy Horses For the Army

Mexico City, March. 28—(By Mail)—Mexican army officials are engaged today in a movement to reorganize the cavalry branch of the service.

During the different periods of revolution the cavalry was greatly depleted and in a country which always has been famed for its riding and its wide use of horses, there is now a scarcity of these animals. To replete the stock it is planned to purchase 5,000 horses from South America, probably from Argentina and Chile. A commission also will be sent to Spain for the purchase of Arabian horses.

tained Thursday evening by Mr. and Mrs. Osear Gordon.

Miss Mamie Keller of Indianapolis is spending a vacation with her aunt, Mrs. Emma Keller.

Mr. and Mrs. Charles Caldwell and family entertained at dinner Sunday, Mr. and Mrs. Walter Ging and family of Greenfield, Mr. and Mrs. Will Arnold and family and Mr. and Mrs. Thomas Heck of Lewisville.

Mr. and Mrs. Alfred Gordon and family and Mr. and Mrs. Melvin Cole were entertained at dinner Sunday by Mr. and Mrs. Charles Williams of Lewisville.

Mr. and Mrs. Osear Gordon called on Mr. and Mrs. Jesse Kirkham near Knightstown Sunday.

TO HAVE CHARGE OF GIRLS

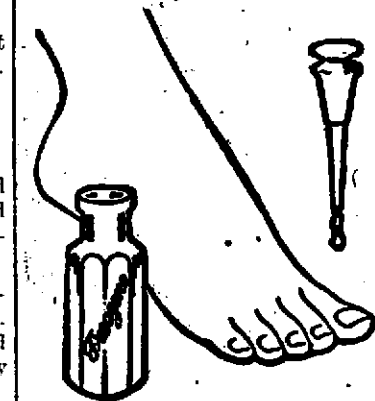

Mrs. George W. Reeve has been appointed on the committee to look after the girls of the Boy's and Girls Pig Club at the Indiana State fair, it was announced today.

CALLED ASSEMBLY

A called assembly of Rushville Council No. 41 R. & S. M. will be held Monday night, April 19. Conferring of degrees will be followed by smoker and refreshments.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!
